SLIDING WARDROBE DOORS NOTES

- Frameless end doors are supplied with one Finger Grip Micro-Frame side and one Micro-Frame side.
- For openings greater than 1800mm, a triple-door and track configuration may provide wider access than double doors.
- Tracks longer than 2700mm must be split and joined to accommodate delivery and require professional installation.
- Track end caps are installed to prevent scratching and provide a clean finish.
- Not all track types are available with every wardrobe door system.
- Painted Glass - colour match to: Australian Colour Standards or Australian Dulux Colours
- Special-order products are non-standard items available on request. These items typically require a minimum order quantity, are subject to availability, and may incur additional costs and extended lead or processing times.
- Refer to the individual product guides on our website for specific information.
